

**REMARKS**

I have carefully reviewed the Office Action of October 27, 2009 by Examiner McGowan. While the Applicant does not agree with the rejection of claims 24 and 27 and may file a continuation application regarding these claims, rejected claims 24 and 27 have been canceled to expedite the issuance of this application.

Accordingly, with the cancellation of the only rejected claims, all of the claims remaining in this application are allowed. Prompt allowance of this application and passage to issue are respectfully requested.

March 27, 2009

Respectfully submitted,

/James W. Miller/
